

smile :))

calling for a new generation

Smile is a new video door entry experience.

Cool and elegant . With a design that allows its perfect integration in any surrounding.

An advanced management monitor, with hands-free communication, high-performance features and user friendly.

Smile makes you smile. And not only for its outer elegant simplicity. Also for the ease of handling its sophisticated menu.

It is a new generation. It is Smile.

The Smile hands free monitor with **3,5" TFT COLOUR** screen allows two types of installation: **flush and surface mounted**.

It is distinguished by its ultra-resistant cover with ultraviolet protection, its digital audio quality, its capacitive keypad and its **OSD screen menu**.

The OSD menu allows to browse through the screen by means of intuitive interpretation of the graphic icons, achieving the maximum performance from the monitor features.

Smile includes an **additional keypad** which remains invisible until it is activated allowing to program them as direct accesses to the functions you want to establish as "favorite".

Smile includes **Braille** in its pushbuttons and call **status information** is displayed on screen to provide maximum accessibility to all people, regardless of their capacities.

DIMENSIONS / INSTALLATION

Surface or flush mounted installation.

Surface

When surface mounted, only 20 mm of its profile stands out from the wall.

Flush-mounted

When surface mounted, only 4 mm of its profile stands out from the wall.

FEATURES
