DESCRIPTION

Hands-free VEO-XS monitor. Characterised by its small size and extra-flat thickness. Thanks to its OSD menu and the layout of the buttons, interaction with the user is simple and intuitive. Made of high impact ABS plastic. Texturised finish for easy cleaning and ultraviolet protection. Surface installation. VEO-XS incorporates a 4,3" (16:9) panoramic color TFT screen. Its balanced design of pure lines is distinguishing, modern and minimal. VEO-XS integrates in the ambience.
When a call is received, the image appears automatically. When the conversation button is pressed a conversation with the visitor can take place. The image is de-activated automatically after 90 seconds, or when the button is pressed again. To open the door, press the button key.
