Qseries 2-Wire 6030 Kit

FVQ-6030

The new Qseries 2-Wire Kit is a complete redesign and enhancement of our most popular FERMVISION 2-wire residential video intercom kit.

The redesign included a refreshed user interface that has been designed locally in Australia allowing for an intuitive operation.

In addition, the non-polarity 2-wire wiring only requires 1 combined power supply and central unit that can operate multiple monitors and front door stations.

Features

- 7" LCD touch screen monitor very similar to an tablet for ease of use
- Integrated 100 photo picture memory functionality within each monitor
- The possibility to install a greater number of monitors within a single residence
- Built-in access control keypad with multiple code capacity
